TO THE OLD AND UGLY .- This statement of an article much recommended for emptions, disfigurements, and clear-ing discolored skin; we beg to say that it is not overrated. We have seen it tested in three different cases—one, that of an old lady, that it has cured of salt rheum of fifteen years standing, and given her a fine clear skin; another, a young gentleman in Nessau street, of pimples and freckles so cov-ering his face as to resemble small pox. One cake cleared his face two cured him. It changes the color of dark, sun-burnt, or yellow skin to a fine healthy clearness. Hundreds n the State can testify who have used it, and from what we have seen we have no doubt it will be very extensively used when its virtues are known. Sold by T. SECOND BOARD. Commercial and Money Matters.

WEDNESDAY, P. M. There was rather a large business done at the Board to day, and the feeling was good. Delaware improved 1 -Stonington was firm. The sales of Harlem were to considerable extent, at full rates. Nearly 1000 shares Long Island were sold, but it was offered freely, and declined | per cent | Some bolders appear to be selling out.

In State Stocks there was not much done, but the rates were firm. Government Sixes sold at I premium. After the Board, New-York 7s, 1849, sold to some extent at 12 premium. The transactions were: \$5000 U S 6s, 1862 101 | \$2,000 Illinois 6s, 1870.... 188

\$2,000 K'sy Sixes, 781 Foreign Exchanges for the packets closed firmly, with a

moderate demand. Sterling 7 a 15; France 5.55 a 5 324. We regret to learn that it was discovered to-day that the book-keep r of one of the most extensive money houses in Wall-street is a detaulter. The amount is about \$10,000, and the first intimation the house had was a notice from the Bank that their account was overdrawn.

A certificate of deposite on the Farmers' and Mechanics Bank of Detroit for \$1,000 was offered in Wall-street today, which is believed to be a torgery. The Cashier's signature is very different from his usual signature, and at the Bank with which the Farmers' and Mechanics' Bank keeps its account it is declared to be a forgery. It is not supposed that the person who offered it was aware of its equivocal character, as he is well known to the brokers to whom he offered it.

A meeting of Alabamians was held on Monday night, at which as endeavor was made to pass resolutions b. Istering the Alabama State Bank system. They were strongly voted down, and another meeting is to be called to express very different v ews upon this subject. We notice that the Governor of Alabama declines calling the Legislature together upon this question. He declares they are beyond the reach of Legislative aid. At Philadelphia, 30 shares 'South' Life and Trust Com-

The following piece of information, cut from a Western paper, is too good to be lost:

"Samuel Jaudon, the celebrated financier, is said to be employed in a broker's office in New-York." £108,300 of certificates of the five per cent. loan of the American Life Insurance Company of this city, principal and interest payable in London, redeemable in 1858, will be sold at Philadelphia on Saturday pext.

The bill authorizing the i-sue of Treasury Notes in place the twelve million lean has been published. It authorves the issue of six millions of notes; enacts that none of the oan shall be sold less than par. Section 3 enacts that this act shall not be construed so as to authorize the issue of certificates for debts due from the United States, or for any purpose except a bona fide loan. Five dollar notes of the Citisens' Bank, Augusta, altered

o Granite Bank, Exeter, have appeared in Boston. Also at Baltimore, notes of some broken institution altered to Citizens' Bank of that city. At Richmond money was scarce. The Banks were sell-

unexpectedly light.

ASHES .- There were but few bills offering to-day, and not much activity in the demand. About 80 bbls. Pots, good tares, sold at \$5 374. One or two small lots, not desirable. sold at \$5 25. Of Pearls, about 130 bbis. were taken at \$5 75. Some considerable parcels of Pearls are held at \$5 871 a \$5 94. The market is not firm for either description. About 300 bbls. arrived to-day.

COTTON .- There is considerable animation to-day in his staple, but it is not a demand which indicates a healthy husiness. The sales have been about 1,000 bales, mostly speculators, who are encouraged by the tenor of the last advices from Liverpool to anticipate still better news by the next steamer. The plentifulness of money also has a ten dency to excite speculation is any article which offers a prospect for a rise. The market is firm, and the sales to-day

were at the full rates of yesterday. FLOUR .- The bonts which get in yesterday afternoon brought 7,000 to 8,000 bbls. Flour, mostly Genesee, and including a very small proportion of Michigan. There has been to-day a fair demand, particularly for Maine and the British Provinces, but the large supply has caused a further decline of 6d. per bbl. on most descriptions. The current rate for Genesee, fair brands, is \$4 69, at which considerable sales have been made. Small lots, however, have been sold at \$4.75. A mixed lot of 1,100 bbls., including Cenesec, Ohio and Michigan, sold at \$4 69. We heard of no sales of Trey. Onio has generally brought the same rates as Genesee to day, but one or two sales of round hoop, to the extent of 500 to 600 bbls., are said to have been made at \$4 624. Old Flour, which is comparatively scarce and in some demand for mixing with new, brings 25c to 50c more than the above quotations. A small lot of Ohio sweet, via New-Orleans, made from new Wheat, sold at \$4 75. This s the first parcel from new Wheat received this season from New Orleans. The stock of Southern has been increased by one or two lots of good Richmond Country. They are held at \$5, but could be bought at \$4 75. Georgetown is seiling only in small lots-new, from the wharf, at \$5, and old \$5 371. No Brandywine, we believe, in market. Corn Meal continues scarce, and sells in small lots at \$3 for Jersey. Rye Flour is dull, and we quote \$5 for North River,

and \$3 25 a \$3 374 for Jersey. GRAIN .- Of Wheat there is but little offering, excepting a cargo of Virginia, which remains unsold. At Cleveland, Wheat was very heavy at 75 , with very large receipts .-Most of the Canadian orders had been withdrawn, and some purchases for Eastern millers had been resold. We heard of no transactions to-day in Corn. There was little or nene is market. Yesterday afternoon, 1,000 bushels Jersey Yelow sold at 60c, and 1,000 do. inferior at 59c, for the East .-Nothing doing in Rye; none for sale. Outs are not quite so plenty, and Canal are selling at 31 a 52c at retail, which is the only demand. River 29 a 30c. Very few new Oats in. Southern are selling out of store, at retail, at 27 a 28c. PROVISIONS .- We bear of very little doing in barrel

Provisions to-day. For Lard the export demand is active, and we learn that nearly all in market, say equal to 3,000 kegs, was taken for Liverpool at 7c. Butter is rather lower and plenty. Good to best we quote 14 a 16c.

WHISKY .- Some small sales Drudge were made at 21c Holders are firm, and the quantity coming in very light .-Barrels are worth 201 a 21c.

TEA .- The sale of Teas per Valparaiso went off with considerable animation, and on most description at an advance on the last sales. Gentlemen's Fall Hats.-WARNOCK'S Fall pattern Hats are now offered for sale, comprising the Moleskin, Witth and Cassimere Beaver

PARISIAN STYLE OF HATS. The attention of gentlemen is particularly invited to the subscriber's beautifully fabricated Silk Hats, better Inown as "Warnock's Moleskin Hats." This article, since its introduction, has rapidly acquired and successfully maintains its popularity, produced by the subscriber in a manner altogether suferior to any of the kind that has been or is now before the public, and is worthy of notice as possessing all the qualities of a superior but, as lightness, beauty of finish. permanency of color, and canadity for service.

That the Moleskin Silk Hat possesses the very elements studieusly aimed at in the production of a perfect article, it needs only to be stated that the foundation or body is manufactured from the finest description of stock, and the plush or covering of the anest quality silk, than which, it will readily be admitted, there is nothing of the nature of fabric more durable. To gentlemen who have not given the above hats a trial, it is remarked that they have been for years the most popular, and are now almost exclusively the fashionable Hat of Paris-this, to say the least, is a strang recommendation. To such gentlemen as have preference for French manufacture, it is remarked that, from the subscriber's observations during a recent visit to the French metropolis, he is enabled to say, that though in one or two particulars the French excel, yet in the main, the article sold by him is superior. The pattern for the fall and winter is at once a model of symmetry and beauty.
FOUR DOLLAR HATS.

The peculiar condition of the mourtery affairs of the presat time, demanding of the mass of the community the adoption of retrenchment and economy, the subscriber depens it expedient, for the time being, to deviate somewhat from the system hitherto strictly adhered to in the conduction of his business, (that of selling none other than the first quality,) now offers to gentlemen disposed to economise, superior hat at the moderate price of Four Dollars. This article possesses in a large measure the constituent parts of the most costly, prepared with all their neatness and external finish, and are sold at a smill advance upon the cost. They are " Hats for the Times."

The Sears' Beile Biographit.—This is a most beautifu work, so far as paper, printing, embellishments, and binding are concerned. It is an octavo volume, and contains 491 pages of letter press, illustrated with some of the most spirited engravings we have seen for a long time. The frontispiece, by Lossing, represents Doddridge's mother teaching him Scripture history by Ditch tiles. This is an exquisite picture, and one on which the eye may rest with more than ordinary delight. We have not had time to read the work but from the potices given of it by some of the the work, but from the notices given of it by some of the most respectable journals, we judge it will be well received by the religious public.
